

**STATE OF MINNESOTA
DATA SHARING AGREEMENT BETWEEN
THE MINNESOTA DEPARTMENT OF EDUCATION
AND A MINNESOTA PUBLIC SCHOOL DISTRICT**

This Agreement is entered into by the Minnesota Department of Education (MDE) and _____ (School District) to share data from the Minnesota Statewide Longitudinal Education Data System (SLEDS) via School District's K-12 Data Mart on the Secured Reports section of MDE's website.

SLEDS is a linkable data repository that organizes and analyzes education and workforce data; facilitates creation of summary reports for use by stakeholders; and creates data analytic tools for education and workforce research and evaluation to provide timely and relevant information for policy and practice. SLEDS will help identify viable pathways for individuals in achieving successful outcomes in education and work; inform decisions to support and improve education and workforce policy and practice; and assist in creating a more seamless education and workforce system for all Minnesotans. SLEDS is populated with education and workforce data collected from the contributing state agencies MDE, the Office of Higher Education and the Minnesota Department of Employment and Economic Development.

Parties

1. MDE is the state agency responsible charged with adopting goals for and exercising general supervision over public schools and public educational agencies in the state. The agency is responsible for carrying out the provisions of Chapters 120A to 129C of the Minnesota Statutes and other related education provisions under state and federal law.
2. MDE is authorized to enter data sharing agreements with local education agencies (LEAs) to access SLEDS data. The Office of Higher Education (OHE) delegated such authority to MDE in an amendment dated July 28, 2015, to the data sharing agreement between MDE and OHE that governs SLEDS data sharing and responsibilities. OHE is the chair of the Minnesota P-20 Education Partnership SLEDS Governance Committee, governing body for SLEDS, which includes leadership representatives from the contributing state agencies and provides oversight and direction for SLEDS in accordance with Minn. Stat. § 127A.70, subd. 2, Minn. Stat. § 116J.401, and Minn. Stat. § 13.32, subds. 6 and 11. OHE receives state general funds for operation and management of SLEDS.
3. School District is a public school district and local educational agency that directs and controls elementary and secondary schools providing services to students in Minnesota.

Legal Authority for Data Sharing

4. State and federal data practices laws govern the data that will be shared pursuant to this Agreement, including but not limited to the Family Education Rights and Privacy Act (FERPA), 20 U.S.C 1232g, and implementing regulations at 34 C.F.R. Part 99; and the Minnesota Government Data Practices Act (MGDPA), Minnesota Statutes, Chapter 13.
5. MDE is authorized under FERPA and Minn. Stat. § 13.32, subd. 3(e), to disclose otherwise private educational data regarding individual students to another entity in certain circumstances. MDE is a state educational authority as described in 34 C.F.R. § 99.31(a)(3). In accordance with 34 C.F.R. § 99.31(a)(6), FERPA permits state educational authorities to redisclose data received from local educational authorities and educational institutions without prior consent to an authorized representative, as defined by 34 C.F.R. § 99.3. Any such redisclosure must comply with the requirements of 34 C.F.R. § 99.35(a) and (b); this agreement and its provisions satisfy those requirements. Finally, this agreement complies with Minn. Stat. § 13.32, subd. 3(e), of the MGDPA, which permits disclosure of private student data pursuant to FERPA.
6. School District is hereby designated as MDE's authorized representative for purposes of evaluating the impact of the district's educational programs and services on student achievement and college readiness.
7. This data sharing agreement is also consistent with the SLEDS Data Access and Management Policy, which requires data sharing agreements for all access to SLEDS data.

Purpose and Scope

8. The purpose of this Agreement is to give School District access to de-identified individual student-level SLEDS data on students who are or have received educational services from the district. Data in the SLEDS K-12 Data Mart will allow the district to evaluate its educational programs on a systems level. It will also help the district determine the pathways, progress, and predictors of post high school activity for its students, including but not limited to how students who enroll in and/or graduate from the district are prepared for post-secondary education, whether students enroll in, persist and complete post-secondary education; and enrollment in remedial courses.

Duties

9. MDE responsibilities. MDE will:
 - A. Create and maintain a secure K-12 Data Mart from data elements in SLEDS, and make the Data Mart available to School District on the Secured Reports section of the Minnesota Department of Education's website.
 - B. Populate the K-12 Data Mart with data on School District's students on an ongoing, periodic basis consistent with this Agreement. Data elements to be shared are listed in Attachment 1. Data from all available years will be made available within a reasonable time after this Agreement is fully executed. Additional data will be added annually when it becomes available.

10. School District responsibilities. School District will:

- A. Comply with the terms of this Agreement.
- B. Through its superintendent, approve staff access to the K-12 Data Mart on the MDE Secured Reports website in a manner consistent with governing data practices laws, including FERPA and Minn. Stat. § 13.32. FERPA requires that a local educational agency must determine that school officials, including teachers, have a legitimate educational interest before those officials have access to a student's educational records. The superintendent will approve staff access on a case-by-case basis for each individual staff person who will have access to the K-12 Data Mart. By approving each individual staff person for access to the K-12 Data Mart, School District and its superintendent assure that they have made a determination that each staff person to be granted access has a legitimate educational interest.
- C. Notify MDE in a timely manner when a staff person's access to the K-12 Data Mart should be revoked because they no longer have a legitimate educational interest for any reason, including but not limited to change of job responsibilities or departure or termination from school district employment. This notification requirement is satisfied by notifying the Minnesota Department of Education through established Secured Report protocols.
- D. Not give others within or outside the district access to the K-12 Data Mart or individual-level information retrieved via the K-12 Data Mart. Summary data and summary analyses created from SLEDS data that do not potentially identify individual students can be used and shared.
- E. Understand and comply with all of the Data Practices Provisions of this Agreement.

Data Practices Provisions

11. MDE and School District each agree to comply with all provisions of the Family Education Rights and Privacy Act (FERPA) and related federal regulations, the Minnesota Government Data Practices Act (MGDPA), and any and all other applicable state and federal laws governing the privacy, security, and dissemination of the SLEDS data shared pursuant to this Agreement and all data created, collected, received, stored, used, maintained, or disseminated by MDE under this Agreement. Each party is individually responsible for compliance with laws and regulations governing or affecting the collection, storage, use, sharing, disclosure and dissemination of private data. Nothing in this Agreement shall be construed to allow either party to maintain, use, disclose or disseminate student information in a manner not permitted by federal or state law.
12. School District understands that personally identifiable information or potentially personally identifiable information maintained by either party to this Agreement is subject to the privacy and confidentiality provisions of federal and state laws including, but not limited to, FERPA, the MGDPA, and the Individuals with Disabilities Education Act and implementing regulations (20 U.S.C. § 1417(c) and 34 C.F.R. Chapter 300).
13. Data shared pursuant to this Agreement will be made available to School District by MDE through secure means as required under the SLEDS Data Access and Management Policy. Specifically, MDE will share data with School District via the K-12 Data Mart that will be created and made available to School District on the Secured Reports section of the Minnesota Department of Education's website, or other secure means.

14. School District agrees to use the SLEDS data it receives only to the extent necessary to evaluate its educational programs, student achievement and preparedness, and post-secondary success and for any other use approved by the SLEDS Executive Committee. School District will not use the individual-level data for any other purpose.
15. School District and its contractors and agents will comply with the minimum necessary collection rule set forth in the MGDPA. The collection, creation, use, maintenance, and disclosure by School District of data on individuals will be limited to that necessary for the administration and management of programs specifically authorized by the legislature or mandated by the federal government. *See Minn. Stat. § 13.05, subd. 3.*
16. Data exchanged under this Agreement may not be duplicated, disseminated or used by School District for another purpose or program without the express written permission of SLEDS Executive Committee. All copies of data of any type, including any modifications or additions to data from any source that contains information regarding individuals, are subject to the provisions of this Agreement in the same manner as the original data. Summary data and summary analyses created from SLEDS data that do not potentially identify individual students are not subject to this requirement.
17. School District agrees that only those employees, contractors, and agents who need to have access to data provided under this Agreement because they are conducting work directly related to federal or state mandatory reporting will have access to the data. School District agrees to provide MDE with a list of staff members currently assigned to SLEDS upon request.
18. School District agrees that all employee, contractors, and agents who receive data provided pursuant to this Agreement will agree in writing to comply with all applicable data practices and data privacy laws and regulations, and will complete required data practice and security training consistent with the Data Access & Management Policy.
19. All employees, contractors, and agents of School District who have access to the data shared under this Agreement will comply with all applicable federal and state laws with respect to the data shared under this Agreement.
20. School District agrees that all individuals having access to data under this Agreement are subject to adequate supervision to ensure compliance with applicable federal and state data practices laws.
21. School District will only disclose summary data that does not potentially identify any individual in any public reporting of data shared under this Agreement.
22. If School District receives a data request for SLEDS data it will consult with MDE regarding how to respond to the data request.
23. School District will use reasonable efforts to store and process all data collected, created, used, maintained, or disclosed in such a way that unauthorized persons cannot retrieve the information by means of a computer, remote terminal, or any other means. School District will use appropriate safeguards to prevent use or disclosure of private data on individuals by its employees, contractors, and agents, including but not limited to implementation of administrative, physical, and technical safeguards to reasonably and appropriately protect the privacy and integrity of individual-level data that it creates, receives, maintains or transmits under this Agreement.

24. School District will report any known data security or data privacy incidents to MDE as soon as they become known. For purposes of this Agreement, security incident means the unauthorized access, use, disclosure, modification, or destruction of information or interference with system operations in SLEDS. Privacy incident means violation of the MGDPA or any other applicable state or federal data practices laws, including, but not limited to, improper and/or unauthorized use or disclosure of protected information and breach of security of information as defined by Minnesota Statutes, Section 13.055. This report must be made in writing and submitted to the authorized representatives after the security or privacy incident is discovered by School District.
25. School District will destroy data received pursuant to this Agreement when it is no longer needed for evaluation of its education programs or if this or subsequent Agreements are terminated.
26. School District will use a secure method of destruction that prevents inadvertent release of any data and protects the privacy and confidentiality of the data before, during, or after the destruction process. After School District has destroyed any data, School District will send a letter to MDE that confirms the method and date of the data destruction.
27. Summary data and summary analyses created from SLEDS data are not subject to the destruction requirements of paragraphs 25 and 26.
28. MDE retains the right to conduct audits or other monitoring of School District's policies, procedures, and systems related to storage and analysis of SLEDS data. School District agrees to allow MDE reasonable access if MDE conducts any audit or monitoring.
29. If MDE determines that School District has violated this Agreement, MDE reserves the right to request that School District destroys all de-identified or anonymized data received under this Agreement.
30. **Liability.** No party will be liable for violations of any applicable laws, or the terms of this Agreement, indirectly or directly arising out of or resulting from, or in any manner attributable to the actions of the other party.
31. **Transfer.** No party may assign or transfer any rights or obligations under this Agreement without prior written consent of the other party.
32. **Amendment.** Any amendments to this Agreement shall be in writing and shall be executed as an amendment to the Agreement. Data Access Requests approved by the SLEDS Executive Committee will be amendments to this Agreement.
33. **Termination.** This Agreement may be canceled by any party at any time, with or without cause, upon thirty (30) days written notice to the other parties. Each party specifically reserves the right to immediately cancel this Agreement should a party, in its sole discretion, determine that private or confidential student information has been released in a manner inconsistent with this Agreement or has not been maintained in a secure manner.

34. Authorized Representatives.

MDE authorized representative:

Kara Arzamendia
Data Analytics Supervisor / SLEDS Coordinator
Minnesota Department of Education
1500 Highway 36 West
Roseville, Minnesota 55113
(651) 582-8599
kara.arzamendia@state.mn.us

School District authorized representative:

[name]
Superintendent
[address]
[phone number]
[email]

35. **Effective Dates.** The terms of this Agreement shall take effect upon signature of both parties and will remain in effect until December 31, 2020.

The parties have caused this Agreement to be duly executed, intending to be bound by it.

Office of Higher Education:

Kevin McHenry
Assistant Commissioner

Post-Secondary Attributes: Data from National Student Clearinghouse and Office of Higher Education is combined and reported below by date of postsecondary enrollment or completion. If data exists for both NSC and OHE during the same time period, OHE data is reported.		
PSEnrollment	AcademicYear	First Year of Enrollment in Postsecondary occurring after High School Graduation
PSEnrollment	Term (TermSeason)	First Term of Enrollment in Postsecondary occurring after High School Graduation
PSEnrollment	EnrollmentDate	Date of First Enrollment in Postsecondary occurring after High School Graduation
PSEnrollment	RaceEthnicity	Last reported Race/Ethnicity of Student at postsecondary institution
PSEnrollment	PSGender	Last reported Gender of Student at postsecondary institution
PSEnrollment	DegreeSeeking	Indicates if the student enrolled in a certificate, diploma or degree program during the first enrollment
PSEnrollment	StudentLevel	Indicates the student's enrollment level (freshman, sophomore, etc) during the first fall term enrollment
PSEnrollment	ResidentState	Indicates the student's state of residence reported during the first fall term of enrollment
PSEnrollment	ResidentCounty (MinnesotaResidenceCounty)	Indicates the student's county of residence reported during the first fall term of enrollment
PSEnrollment/NationalStudentClearinghouse	EnrolledCollegeState	State location of the college of enrollment
PSOrganization	CollegeID (OPEID)	U.S. Department of Education College identifier (OPEID) for the College attended during the first term of enrollment
PSEnrollment	OHECode	OHEID for the College attended during the first fall term of enrollment
PSEnrollment	CollegeName	Name of College attended during the first term of enrollment

SLEDS TABLE	DATA ELEMENTS TO BE SHARED	DESCRIPTION
PSEnrollment	Sector	Sector of college (non-profit, for-profit, public)
PSOrganization	InstitutionControl (InstitutionType)	Type of College (2-year, 4-year)
PSOrganization	OHEInstitutionType (InstitutionCategory)	OHE defined categories for grouping colleges
PSEnrollment	AcademicYear1	Academic year of the student's first record of postsecondary enrollment
PSEnrollment	RegularCredits_YR1	Number of regular credits of enrollment during the first fall term of enrollment (limited to MN Colleges)
PSEnrollment	RemedialCredits_YR1	Number of remedial credits of enrollment during the first fall term of enrollment (limited to MN Colleges)
PSEnrollment	TransferCredits_YR1	Total credits accepted for transfer
PSEnrollment	TotalTermCredits_YR1	Sum of Regular and Remedial credits of enrollment during the first fall term of enrollment (limited to MN Colleges)
PSEnrollment	AcademicYear2	Second Academic year of the student's postsecondary enrollment
PSEnrollment	RegularCredits_YR1+YR2	Number of regular credits of enrollment during the second fall term of enrollment (limited to MN Colleges)
PSEnrollment	RemedialCredits_YR1+YR2	Number of remedial credits of enrollment during the second fall term of enrollment (limited to MN Colleges)
PSEnrollment	TotalTermCredits_YR1+YR2	Sum of Regular and Remedial credits of enrollment during the second fall term of enrollment (limited to MN Colleges)
PSEnrollment	EnrollmentStatus	Indicates if the student is enrolled full-time or part-time based on the federal definition of full-time (12+ term credits), according to the National Student Clearinghouse
PSEnrollment	SumofRemedialCredits	Total Number of remedial credits of enrollment after high school graduation (limited to MN Colleges)
PSCompleter	HighestDegree (AwardType)	Highest postsecondary credential attained by the student per OHE Completer data
PSOrganization	HighestDegreeInstitution	Institution that awarded the highest degree per OHE Completer data.
PSCompleter	HighestDegreeDate	Date highest credential received per OHE Completer data
PSCompleter/CIP	HighestDegreeMajor1Code	Code of Program/major associated with the highest credential received per OHE Completer data

SLEDS TABLE	DATA ELEMENTS TO BE SHARED	DESCRIPTION
CIP	HighestDegreeMajor1Title	Title of Program/major associated with the highest credential received per OHE Completer data
PSCompleter	FirstDegree (AwardType)	First postsecondary credential attained by the student per OHE Completer data
PSOrganization	FirstDegreeInstitution	Institution that awarded the first degree per OHE Completer data
PSCompleter	FirstDegreeDate	Date first credential received per OHE Completer data
PSCompleter/CIP	FirstDegreeMajor1Code	Code of Program/major associated with the first credential received per OHE Completer data
CIP	FirstDegreeMajor1Title	Title of Program/major associated with the first credential received per OHE Completer data
PSCompleter/NationalStudentClearinghouse	Graduated	Indicator if the student has completed a postsecondary credential
PSCompleter/NationalStudentClearinghouse	GraduationInstitution	Institution associated with postsecondary credential
PSCompleter/NationalStudentClearinghouse	GraduatedInstitutionState	State of Institution of Graduation
NationalStudentClearinghouse	DegreeTitle	Title of first credential earned as reported by the National Student Clearinghouse
NationalStudentClearinghouse	GraduationYear	Year of first credential earned as reported by the National Student Clearinghouse
NationalStudentClearinghouse	GraduationDate	Date of first credential earned as reported by the National Student Clearinghouse
NationalStudentClearinghouse	GraduationMajorCode (MajorCIP)	CIP Code for Major of first credential earned as reported by the National Student Clearinghouse
