

2019-20 Disciplinary Incident Reporting System (DIRS) COVID-19 Reporting: Incidents Occurring at Alternate Locations

Use this supplemental form only for incidents that occurred at a location other than the student’s school of enrollment as indicated in MARSS.

All reportable incidents occurring during the distance learning period must be reported in DIRS (see Page 2 of the [Disciplinary Incident Reporting System \(DIRS\) User Guide](#)). This includes incidents involving Eligible Children receiving on-site care, either at their normal school of enrollment or an alternate location. Because DIRS is linked to MARSS, incidents must be entered in DIRS at the student’s school of enrollment as indicated in MARSS. This supplemental form must be submitted to maintain records of the actual location at which incidents occurred.

Instructions

Submit only one form per district.

1. Enter the incident in DIRS at the student’s school of enrollment normal data submission procedures (online data entry or batch submission).
2. Identify the six-digit Incident ID number for the incident:
 - a. Online data entry – after completing the *Incident Details* page the Incident ID will be displayed on the screen while completing data entry for the incident.
