All information is from the Minnesota public high school class of 2014. College enrollment and developmental education activity are within two years of graduation. The term “college” is used to reference any type of postsecondary institution, including both academic and vocational training.

77% OF HIGH SCHOOL GRADUATES GO TO COLLEGE

Minnesota does well in moving students from high school to college. However gaps in enrollment exist for key groups of students, including students of color and lower income students.

24% OF HIGH SCHOOL GRADUATES ENROLLED IN ONE OR MORE COLLEGE DEVELOPMENTAL COURSE

Six-year completion rates for developmental education enrollees ranged from 37% at for profit institutions to 66% at state universities.

ENROLLING IN COLLEGE

RACE / ETHNICITY

HS graduates of color enrolled in college at lower rates than their white peers.

DEVELOPMENTAL EDUCATION

RACE / ETHNICITY

HS graduates of color enrolled in developmental education at higher rates than their white peers.
