Blue Ox Elementary School

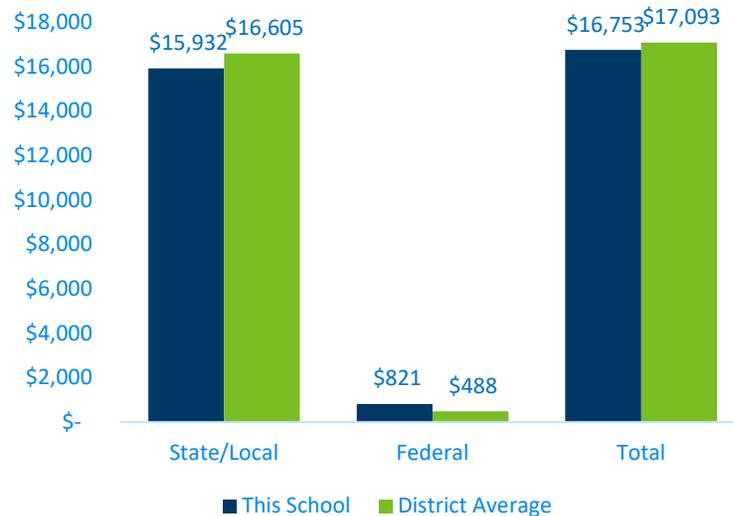

About this school

310 Students
preK-5 Grades
21 Staff

This school has a **[high/average/low]** number of low-income students, a **[high/average/low]** number of English learners and a **[high/average/low]** number of students receiving special education services. Schools with greater needs require significantly higher funding than other schools. For example, the federal government assumes that providing a quality education to low-income students requires 40 percent more funding than for non-low-income students.

How does this school's spending compare, per student?

How does this school spend its money, per student?
