ESSA State Plan Update

Where are we and what's next?

Tuesday, April 18, 5:30 p.m.

**Minnesota Department of Education - Conference Center B
1500 Highway 36 West, Roseville**

Staff from the Minnesota Department of Education have traveled around the state over the past year to over 250 meetings, an average of more than four meetings per week, to hear what stakeholders want to see in Minnesota's Every Student Succeeds plan. Members of five committees created recommendations for Commissioner Cassellius, and as the deadline to submit the plan approaches, some decisions have been reached. **Come learn where we are at in the process to creating the state ESSA plan, what decisions have been made, and what needs to be done before submitting the plan in September.** This event includes an update from Commissioner Cassellius and time for questions.

For more information about Minnesota's State Plan development process, visit the [ESSA page](https://education.state.mn.us/MDE/ESSA) of the MDE website:
