

## Every Student Succeeds Act Committees Membership

Minnesota sought to engage a diverse array of stakeholders throughout the Every Student Succeeds Act (ESSA) plan process. The Minnesota Department of Education (MDE) invited all organizations and community members that expressed interest in participating in ESSA committees. MDE also worked with committee members to identify communities and organizations that are often not represented or underrepresented in stakeholder engagement activities. MDE worked with ESSA committee members and organizations to develop recommendations to bring to commissioner Cassellius for consideration for inclusion in the ESSA state plan. Members were encouraged to build consensus, but not all organizations or communities endorse each and every recommendation forwarded. Below is a list of organizations and communities that participated in ESSA committees.

Academia Cesar Chavez Charter School	Faribault Public Schools
African American Leadership Forum	Floodwood Public Schools
African Immigrant Services	Fond du Lac Ojibwe School
Aitkin School District	Generation Next
